As a comprehensive, pioneering university, the Université Grenoble Alpes (UGA) is one of France's leaders in higher education and research, considered as a driver of progress and knowledge at a global scale. Enrolling **over 65,000 students** each year, **15% of whom are international**, UGA offers a wide range of academic programs and represents a major center for research and innovation in the heart of Europe.

Internationally ranked among the top universities in several fields, UGA is profoundly committed to its international partnerships.

## TEACHING

We have created a panel of **specific modules tailored to exchange students**. These courses allow **French language and culture's teaching** from a **linguistic, literary or didactic** point of view.

**5 training courses**, based on our different fields of specialty : Literature, Linguistics, Performing Arts & Communication, have been thought especially for exchange students. These courses are composed of **fundamental teaching** into a specialty field and **openings to the other subjects** taught in the faculty.

Beside these specific courses, exchange students can chose among **a broad variety of cross-disciplinary modules selection**, including about 20 different foreign languages and 35 sports.

This **diversity** allows our students to **create a rich and unique universitary program** during their stay at UGA.

Our dedicated staff is here all along their stay to **accompany, help and counsel** them. **Striving for the success of this extraordinary experience.**
